- d. The parties shall consider whether jurors should be provided juror notebooks with copies of exhibits for their use and reference during the trial.

4) Motions in limine shall be filed thirty (30) days prior to trial.

5) Trial Practices. On or before thirty (30) days prior to trial, any party who believes Judge Kopf's standard practices as reflected in these documents should be modified for the trial of this case shall file a statement for departure from the standard practices which specifically identifies what changes, deletions, or additions should be made and an explanation for his or her position on that issue.

6) The undersigned will be issuing a recommendation to deny Michael Koning's motion for multiple juries and additional peremptory challenges. However, for the purpose of the Rule 17.1 conference, the parties were advised that the court does not intend to permit multiple juries, and intends to allow each defendant four (4) peremptory challenges.

- 7) Due to the length of the anticipated trial, two alternates will be selected for the jury.
- 8) A future Rule 17.1 conference is anticipated. This conference will be coordinated to permit counsel for the parties and their associated staff to confer with Colleen Beran and the court's Information Technology personnel regarding courtroom seating, and the computer technology and access to such technology within Judge Kopf's courtroom.

DATED this 23rd day of December, 2010.
